

About IJSG

International Journal of Smart Grid (IJSG) is a peer-reviewed, open-access journal publishing high-quality research in smart grid technologies and applications. It provides a platform for researchers, academicians, and industry professionals to present innovative studies related to modern power systems, smart energy solutions, and grid digitalization.

Aims

IJSG aims to promote advanced research in smart grid systems, encourage interdisciplinary collaboration, and support sustainable, efficient, and intelligent energy solutions worldwide.

Scope

The journal covers a broad range of topics related to smart grids, including but not limited to smart energy systems, renewable energy integration, energy storage technologies, power electronics, grid automation, and intelligent control systems.

Topics of Interest

Smart Grid Technologies & Applications
Renewable Energy Systems (Solar, Wind, Hybrid Systems)
Energy Storage Systems & Battery Technologies
Power Electronics & Electric Drives
Smart Metering & Advanced Metering Infrastructure (AMI)
Microgrids & Distributed Generation
Electric Vehicles & Charging Infrastructure
Energy Management Systems & Optimization
Artificial Intelligence in Energy Systems
Cybersecurity in Smart Grids

Audience

IJSG targets researchers, engineers, academicians, policymakers, and industry professionals working in smart grids, energy systems, and related technologies.

Peer Review Policy

IJSG follows a double-blind peer review process to ensure objective and unbiased evaluation. All submissions are reviewed by independent experts in the relevant field to maintain scientific quality.

Publication Ethics

IJSG adheres to international publication ethics standards, including COPE guidelines. Authors, reviewers, and editors must follow principles of integrity, transparency, and confidentiality.

Open Access Policy

IJSG is an open-access journal, providing free and unrestricted access to all published content. Readers can read, download, and share articles without any subscription or access fee.

Copyright and Licensing

All published articles are licensed under Creative Commons (CC BY 4.0). Authors retain copyright while allowing unrestricted use with proper citation.

Plagiarism and Similarity Check

All submissions are checked using plagiarism detection tools (e.g., iThenticate). Papers with high similarity rates are rejected or returned for revision.

Publication Fees

IJSG is an open-access journal. There is no submission fee, review fee, or publication fee (no APC) for authors.

Editor-in-Chief

Professor Erdal Bekiroglu, Gazi University, Turkey

Associate Editors (Section Editors)

Professor Fujio Kurokawa, Nagasaki Institute of Applied Science, Japan

Professor Jaeho Choi, Chungbuk National University, South Korea

Professor Sheldon Williamson, Ontario Tech University, Canada

Professor Joao Martins, Universidade Nova de Lisboa, Portugal

Professor Jian-Xin Shen, Zhejiang University, China

Professor Inno Ewean Davidson, Cape Peninsula University of Technology, South Africa

Professor Ramazan BAYINDIR, Gazi University, Turkey

Professor Dan M. Ionel, University of Kentucky, United States

Professor Ishwar Sethi, Oakland University, United States

Professor Miguel A. Sanz - Bobi, Comillas Pontifical University, Spain

Professor Massimo Caruso, Palermo University, Italy

Professor Jen-Hao Teng, National Sun Yat-sen University, Taiwan

Dr. Wahiba Yaici, Natural Resources Canada / CanmetENERGY Research Centre, Canada

Dr. Nahla Bouaziz, University of Tunis El Manar, Tunisia

Dr. Eklas Hossain, Oregon Tech., United States

Dr. Mahamadou Abdou Tankari, UPEC Paris, France

Dr. Giuseppe Schettino, University of Palermo, Italy

Dr. Robert M. Cuzner, University of Wisconsin-Milwaukee, United States

Dr. Claudio Nevoloso, University of Palermo, Italy

Smart Grid Section Editors

Professor Sheldon Williamson, Ontario Tech University, Canada

Professor Joao Martins, Universidade Nova de Lisboa, Portugal

Professor Massimo Caruso, Palermo University, Italy

Professor Jaeho Choi, Chungbuk National University, South Korea

Professor Erdal Irmak, Gazi University, Turkey

Professor Jen-Hao Teng, National Sun Yat-sen University, Taiwan
